11:30 am

Tom Ham's
Restaurant

2150 Harbor
Island Drive
San Diego 92101

\$25 with
reservations
\$30 after
October 19

Is the FDA Giving Us the Drugs We Want or Need?

Many people believe new drugs approved by the FDA are better than existing ones. This talk will explain why they usually are not and will describe the epidemic in harmful side effects caused by physicians who prescribe more and more drugs with few advantages and increased risks of toxic reactions. What could the FDA do to increase the proportion of clinically superior drugs?

Dr. Donald W. Light, Jr.

Professor, University of Medicine & Dentistry of New Jersey.

Network Fellow, Edmond J. Safra Center for Ethics, Harvard University

Senior Fellow, Center for Bioethics, University of Pennsylvania
